

Twin Shaft Mixers

Ye Chance

*Design & manufacture materials
Testing Equipment.*

Designed for horizontal mixing with a small amount of specimen in test and experiment, the function is forcibly effective.

Available in two capacities, this powerful, rugged and economical mixer provides fast, homogeneous mixing and rapid, complete discharge in a design and configuration ideal for the ready-mix and precast industries where large volumes of high quality concrete are required. The hallmark of the ruggedly built Twin Shaft Mixers are twin counter-rotating shafts that achieve maximum mixing efficiency for larger batches while handling mix designs with coarse aggregates.
